

Protective Boots *Walker Care*

What is it for?

to keep wounds and bandages dry and clean, to reduce the risk of infection and support the healing process

Product Information

- with practical hook and loop fastener, with two hook and loop fasteners from size M
- water repellent
- machine wash at 40 °C
- material: made of durable polyester

Please Note

- If the pet's paw is between two sizes or if it is bandaged, please choose the larger size.
- Check paws regularly. Sore patches or pressure sores can easily form in the area of the dew claws. These areas might need extra padding.
